Being director: must be a registered member of Kino (b). Once registered, you can submit your Kino films. **Being actor or technician:** contact the director, come see us during our production meetings, or during the projections.

Being spectator: come to evening screenings. We need you and your critical eye. **Participating in a Kabaret:**

participants make films in 48 hours. It is not necessary to be a kino member to participate: the kabaret is open to all, unless the place is limited.
